

How to Add a San Antonio STR Permit Number to your Airbnb listing

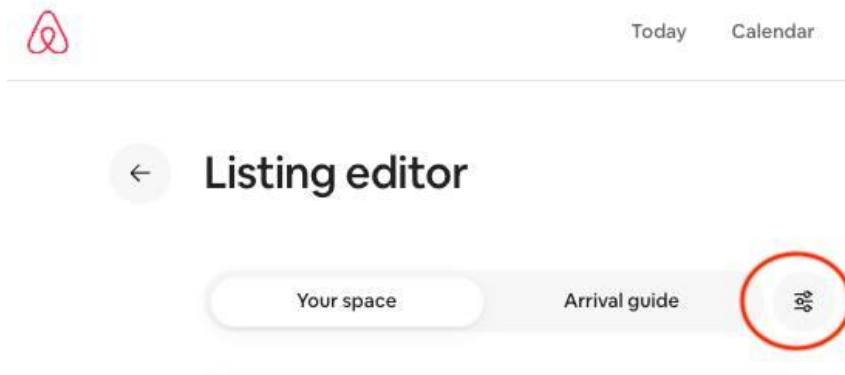

1. Open Airbnb.com on your laptop computer
2. Click on Listings

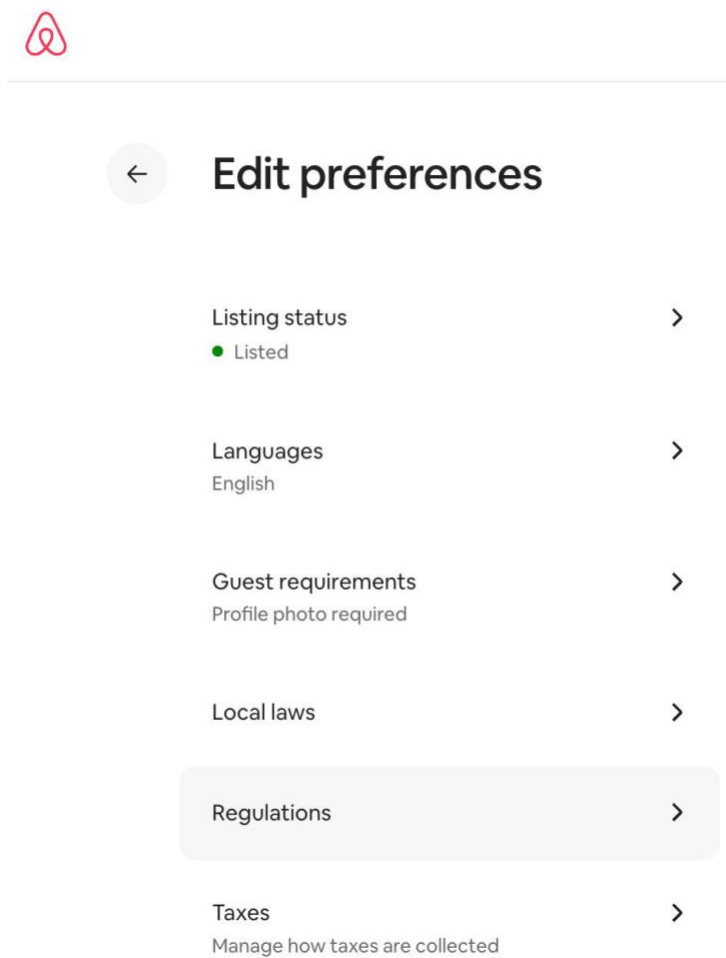

3. Click on the specific listing you want to add a number to (open the listing editor)

4. In the listing editor, click on the icon with lines/circles

5. In the next menu, click on Regulations

6. Under Regulations, you will now see the full requirements for adding a permit number. If you have a number, click on “Add your Number” under Step 2.

Register your listing in San Antonio

As a host in San Antonio, you need to register your listing to comply with local laws.

[Host a hotel, motel, or bed and breakfast? Claim an exemption instead](#)

Step 1: Apply for a short term rental permit

Apply on the City of San Antonio’s website and you’ll receive a permit number within a month. Then, come back to this page and add your number to your listing in the next step.

Apply

Step 2: Add your short term rental permit number to your listing

Once you have your permit number, just add it to your listing and you’ll be done registering.

Add your number
